

# 2017 WORKSHOPS

## SBDM WORKSHOPS

### Council Tools For Closing The Disability Gap

Ready-made tools and strategies in this workshop will support councils in leading their schools to eliminate disability and opportunity gaps.

**Pending KDE Approval**

### Novice Reduction For SBDM

Councils will learn strategies to reduce novice performance and raise achievement for all students.

### Budgets For School Councils

This session covers budget decision-making areas and connects the school budget to increasing student achievement.

## PROFESSIONAL LEARNING

### Effective Feedback to Improve Learning

**New for summer 2017!** Learn research-based strategies for feedback that propels learners forward. Our newest 3-hour session allows participants to apply the characteristics of effective feedback and provides practice and tools for giving feedback to students.

### Targeting the Disability Achievement Gap

This interactive workshop will provide instructional strategies that have been proven effective for students with disabilities. In this 3-hour session, participants explore common factors that have created opportunity gaps in schools and gain an understanding of how to address those.

### Reducing Novice Performance in Schools

This session is designed for all educators to explore how schools can reduce novice performance and raise achievement for all students. Leave this workshop with specific strategies that can be implemented immediately.

# INSTRUCTION AND ASSESSEMENT WORKSHOPS

## Growth Mindset: A Game Changer for Learning (3-hr)

Based on the Growth Mindset belief that intelligence can be developed with persistence, effort, and focus on improvement, this session will provide an understanding of how a growth mindset focus helps all students perform and how productive struggle actually helps the brain. Walk away with strategies to use in the classroom and practical ways to get buy-in from students, parents, and staff.

## Developing a Growth Mindset Classroom (6-hr)

This session provides teachers the knowledge, strategies, and tools they need to maintain a growth mindset in their classrooms. Leave this interactive experience ready to teach students and fellow staff members how to develop a growth mindset for life.

## Proven Ways to Increase Achievement

Examine proven factors that affect student achievement: growth mindset, student engagement, feedback, cognitive skill building (*6-hour only*), and relationships.

3-hour or 6-hour Session.

## Essentials of On-Demand Writing

Become better prepared to provide quality writing instruction and prepare for Kentucky's on-demand assessments. 3-hour session.

- Higher-Level Multiple Choice
- What Accomplished Teachers Do: Instructional Strategies for Increasing Performance Level

## Coming Fall 2017! Studying Your Scores

Participants will complete a step-by-step analysis of their state accountability scores, using KASC's Test Score Graphs, in order to identify strengths, determine areas of concern, and focus on their next steps.

## PARAEDUCATOR WORKSHOPS

### Effective Strategies for Paraeducators

Receive research-based strategies for building positive relationships between students and their collaborating teachers, as well as learn specific instructional strategies to use with students.

### Paraeducators as Partners in Increasing Achievement

Paraeducators will explore the factors that strongly impact student achievement: growth mindset, relationships, feedback, and student achievement.
